REPORTS:

1. DOSE Report: Joyce Nunes, DOSE representative reported on the December 6, 2010 meeting. She presented the following: a) Xay Xiong did a tech presentation that was very helpful. b) Jill Santivanez reviewed AB3632 which provides for Mental Health funds for children with disabilities. The state Governor has stopped the funding and there is debate over his authority to do so. Several SELPA's have filed a law suit due to the severe needs of students. The Bright Futures program through our TCOE SELPA has provided assistance by teaching techniques and strategies to school staff and it proved to be very helpful. c) Cara Peterson provided an update report on CASEMIS. d) Kaye van Gilluwe reported on the budget. e) The CAC calendar and the "Thank You" letter honoring the "Day of the Special Educator" was presented and appreciated.
2. Guest Speaker: Kaye van Gilluwe, Administrator, Student Support Services and Assistant SELPA Director provided an update on the "CAHSEE / Graduation Requirements". Kaye van Gilluwe reviewed the CDE handout entitled, "Exemption for Eligible Students with Disabilities - California High School Exit Examination". It reviews EC Section 60852.3 and may be downloaded at <http://www.cde.ca.gov/ta/hs/cahseefaqexempt.asp>. Kaye van Gilluwe reported that the new CAHSEE exemption requires that LEA's come up with an alternative means of testing. Students are strongly encouraged to take the CAHSEE. Students are provided with CAHSEE classes to prepare and given multiple attempts to pass. The exemption is in place for those who cannot pass and applies to all students who

received a certificate of completion beginning in 2008 - 2009. All students have been notified of the current option and will be offered remedial instruction classes to prepare. Currently, the exemption is in place until 2012. The following questions were asked by committee members: Q) At times a parent will say, "I don't want my student to have a "Certificate of Completion" and or a degree. What is the difference? A) The CAHSEE applies to both the certificate and diploma. The rigor and requirements and whether the student should take the CAHSEE will vary from LEA to LEA. Students are always encouraged to graduate with a diploma. Q) How many attempts would a student have to make to be eligible for the Exemption? A) Technically only one time. Students are always encouraged to make more attempts because the legislation may always change. Q) Are there standardized forms to apply for the exemption? A) Requests are made through the local LEA so forms may vary but the Ed Code and the criteria have to be the same. Q) Which allows a student to walk in the graduation; a certificate or diploma? A) Both. Whether a student receives a certificate or diploma cannot be distinguished. All students, including students in TCOE satellite classes are included in the same activities, trips, marching practices, etc.
