

## Preschool Strand

# PRESCHOOL INCLUSION: A Case Study

This workshop will allow participants to view a family's story of inclusion and consider the vision and dreams that members of a family hold for their child and how the family worked with a preschool, early childhood special education staff and others to realize those dreams. Participants will be able to:

- Explore how staff worked to ensure that the child had the support the student needed in the classroom and in the process of transitioning to kindergarten
- Use an inclusion planning checklist to identify strategies that teams can use to use to make inclusion work and consider ways to apply these strategies to their own work.

*If you need accommodations for a disability to attend the workshop, please let us know.*

### ■ PRESENTERS

The Preschool Support Team
