FAP/SRP Revised: 5/13/2020

***Powers and Duties of the Superintendents
Governance Committee***

The Superintendents Governance Committee is a legislative body in that it is the policy recommending and approving Committee. The Superintendents Governance Committee is also authorized by the Local Plan for Special Education to allocate funds. The parameters of the Committee are primarily defined by the Tulare County/District SELPA Local Plan. The Committee has no specific authority to hire and fire, but rather through policy and authority to allocate funds, it does have the power to initiate direction and program parameters.
